

## Faubus Plans to Try to Save Camden Plant

By JOHN R. STARR  
LITTLE ROCK (AP) — Gov. Orval F. Faubus today said he would throw the full weight of his administration behind efforts to save the Shumaker Naval Ordnance Depot near Camden for industrial development.

And he added he believed that with the help of Sen. John L. McClellin, he would succeed in blocking what he said was an already-arranged disposal for other purposes.

"I'm going to do everything I'm big enough to keep it (Shumaker) from being scrapped," Faubus told a news conference.

The governor then released copies of a letter he has written to Sen. J. William Fulbright asking the senator to intervene in the matter.

The General Services Administration now is considering bids on the vast property.

Faubus said he had sent telegrams to the two high bidders—International Paper Co., of Mobile, Ala., and Brown Engineering Co., of Houston, Tex.—asking them what use they planned to make of the property.

Faubus said he also talked with International officials during a weekend visit to Camden and they assured him they would not scrap any buildings suitable for industry.

The governor said he expected a written answer today from International.

He said he had not heard from Brown.

Brown was high low bidder on parcels of the Shumaker property, which include most of the developed area.

International high on four other parcels, most of which is timberland.

Faubus said he feels the government should consider the use to which the property will be put before it makes the sale.

He noted that one firm, A. W. Zimmer & Co. of Kansas City, proposed to build a paper mill and a bag factory if it should get the property.

## Eichmann Denies He Is Guilty

By RELMAN MORIN  
JERUSALEM (AP) — Adolf Eichmann graced the words "not guilty" 15 times in court today, denying all counts in Israel's monumental indictment naming him as the master designer of Jews in Europe during World War II.

The prosecution, opening its case, asserted that Eichmann beat a Jewish child to death with his own hands for stealing peaches.

"This," cried Israeli Attorney General Gideon Hausner, "is the trial of the destroyer."

The former Gestapo officer stared back at Hausner, unblinking.

Eichmann's plea of innocence marked the actual start of his trial on charges of complicity in the death of six million European Jews during the war. It came after the three-man court headed by Supreme Court Justice Moshe Landau overruled defense objections to the court's competence to hear the case and to the Israeli law under which Eichmann is charged. Landau said the details of the judges' reasoning would be embodied in their final decision at the end of the trial.

## Snow Sections of U.S. Crippled

By THE ASSOCIATED PRESS

A crippling spring snowstorm, sweeping out of the northern Plains with all the fury of a mid-winter blockbuster, staggered the Midwest today.

The heavy wet snow, whipped by strong winds, smothered with a blanket of white from the Dakotas across the north central region.

The storm, which started in some areas Saturday night, increased in intensity Sunday. As the storm moved eastward, there was some letup in snowfall, but strong winds continued, causing much drifting.

Fresh snow measured up to more than a foot and a half in northern Minnesota. Drifts piled up to 10 feet in some areas. Blowing snow cut visibility sharply.

At least 18 deaths were attributed to the stormy weather, mostly in traffic accidents on icy and snow-covered highways, with two of the deaths caused by heavy rains east of the snow belt.

The damaging storm, a climatic shocker for the fifth week in spring, had widespread effects. Record snowfalls for the date were reported in many areas. Freezing weather added to the discomfort. Wind gusts were clocked up to 50 m.p.h.

Thousands of cars and motorists were stranded. Major and arterial roads were blocked. Snowplow crews were frustrated by the blowing snow.

Schools in many areas were closed, scores of them in Minnesota and Illinois. Travel by bus, plane and train slowed. Motorists in many cities were urged not to drive unless necessary. Driving conditions were extremely hazardous in central and northern parts of the Great Lakes region and sections of the Ohio Valley.

Traffic accidents were far in excess of normal.

## Cattlemen's Association Meets Friday

The Hempstead County unit of the Arkansas Cattlemen's Association will hold its annual membership meeting Friday, April 21 at 7 p.m. at the Experiment Station, according to Tom Jones, president of the Hempstead Association.

About 120 Hempstead cattlemen are members of the Association and the number is expected to increase this year. The Association is affiliated with the American National Cattlemen's Association, and, though only two years old is serving a big purpose in the expanding state cattle industry.

A program has been arranged by Chairman Ned Purdie and the beef barbecue is in the hands of Monroe Stuart, Moss Rowe and Sam Arnold. C. O. Temple has charge of the cold drinks and Cecil Bittle is in charge of the general arrangements.

This is a family affair for the entire 1960-61 membership as well as for prospective members and their families. Each family attending should bring a salad or dessert. All other refreshments will be provided by the Association. This 1961 annual meeting promises to be the finest held in Hempstead.

## 2 Million Copies of Local Author's Novel Are Sold

A NEW PAPER-BACK SIGNET EDITION OF "CORNBREAD ARISTOCRAT," best-selling novel by Claud Garner of Weatherford, Texas, native son of Washington, Ark., will be on the newsstands in the next week or so, Mr. Garner told The Star Saturday while here on a visit.

"CORNBREAD ARISTOCRAT," WHICH WAS A BEST-SELLER when originally issued in the hard-cover edition by Farrar, Straus & Cudahy, Inc., New York, in 1950, and brought out in paper-back editions by Signet in 1951, has had a total sale of more than 2 million copies. Signet has made four printings of 300,000 each in the United States. And the book has been translated and printed in Sweden and Germany.

MR. GARNER'S INITIAL SUCCESS AS A NOVELIST WAS with "Welback," the best-selling story of Mexicans coming across the Rio Grande to work on the fruit and truck farms of the Rio Grande Valley. It was an authentic and moving novel, written out of the author's personal experience in the days when he operated ranches in the Valley.

## Today Is Cancer Control Day

The Arkansas Division of the American Cancer Society has designated Monday, April 17, as C-Day—"Cancer Control Day," it was announced today by Mrs. Cecil M. Bittle, Crusade Director for Hempstead County.

On that day volunteers of the Hempstead County Unit will call on homes of friends and neighbors to distribute educational leaflets which could save their lives.

"I hope every door in the community will be open to Welcome our Crusaders," Mrs. Bittle said. "If everyone follows the advice contained in the leaflet to be left in each home, more than 85,000 lives may be saved in 1961. This is the number of men, women and children who are reported to die of cancer in the United States each year, but who might be saved by heeding the simple advice stressed in the American Cancer Society's educational program."

Mrs. Bittle said the best protection against cancer is to have an annual health check-up and to get speedy medical attention at the earliest sign or suspicion of any of cancer's seven danger signals.

Money raised in the Crusade will not only be used to step up the Society's educational programs, but to provide service for cancer patients and to support research of scientists who are working unceasingly for a cancer cure or preventive. Progress in cancer research can only go as fast as funds are available.

The slogan for the Crusade is "Fight Cancer with a Check-up and a Check." Mrs. Bittle urges everyone in Hempstead County to give generously when a Crusader calls on C-Day.

# Waves of Invaders Hit Coast of Cuba to Liberate 'Homeland'

## Cuba Charges Invaders Came From the U.S.

UNITED NATIONS, N.Y. (AP) — Cuba charged today that an invasion of Cuba had been launched from Florida and Guatemala with the backing of the United States. The United States replied with an immediate denial.

The Cuban foreign minister made his declaration immediately after the 99-nation committee convened. He asked that the invasion be considered on an urgent basis.

Roa had been scheduled to deliver an hour-long speech attacking the United States for alleged plans of aggression against the regime of Prime Minister Fidel Castro. He already had laid before the committee a charge that the United States was responsible for Saturday's dawn airfield bombings.

UNITED NATIONS, N.Y. (AP) — The air raids on Cuban military air fields furnished Fidel Castro's regime fresh fuel for U.S. charges today on Cuba's charge of U.S. aggression.

Cuban Foreign Minister Raul Roa readied an hour-long attack on the United States for the morning session of the General Assembly's political committee.

Chief U.S. delegate Adlai E. Stevenson was prepared to reply immediately with a down-the-line denial of all the Cuban charges that the U.S. government has "plans of aggression and acts of intervention" against Cuba.

Roa was expected to claim the planes that struck three Cuban airfields early Saturday came from abroad and that the flights were arranged and financed by the U.S. Central Intelligence Agency.

He also was certain to demand that the United States let U.N. delegates examine the three pilots that landed after the raids in Miami and Key West, Fla., so they could check on the U.S. contention that the fliers were from Castro's air force.

Prime Minister Castro, at a funeral oration Sunday for persons killed in the air raids, said the world had a right to call President Kennedy a liar if he did not "present the pilots and planes before the United Nations."

There was no immediate indication from Washington or Stevenson whether the United States would make the pilots available to U.N. investigators. The trio was granted provisional political asylum but U.S. officials refused to make their names or produce them for newsmen to interview.

## Tonight Is Deadline to File Taxes

By FRANK CORMIER

WASHINGTON (AP)—For three million Americans, tonight's midnight deadline for filing tax returns will mark only the start of their dealings with the Internal Revenue Service.

To discourage tax cheats, IRS Commissioner Mortimer M. Caplin wants to increase the number of returns which get a thorough check for accuracy.

The goal is to check, and audit, about 3 million of the estimated 61 million returns to be filed. In 1960 the number was 5.5 million.

Caplin hopes for further increases in the years ahead. Whereas IRS now checks about one return in every 20, he wants to approach a one to 10 ratio.

retiree twin ES T14 AIR OI ILN The 1961 filing deadline was extended two days because the usual April 15 date fell on the weekend. IRS will accept any return postmarked by midnight tonight.

Caplin told a reporter he hopes all taxpayers will understand "there is nothing wrong with being audited."

"One whose conscience is clear has no cause for alarm. We are not implying that he is dishonest."

## Anti-Castro Group May Number 5,000

By THE ASSOCIATED PRESS

Invaders seeking to overthrow Fidel Castro landed in Cuba today by sea and air.

The Cuban prime minister, acknowledging the attack, said it was launched by mercenaries organized by the United States. He declared his troops are advancing against the invaders and are certain of victory. He called on Cubans to maintain order and discipline.

Castro told his people by radio that the invaders had landed at several points in southern Las Villas Province.

Cuban exile sources in the United States said forces also had gone ashore in extreme eastern and western Cuba and on a beach southeast of Havana.

The exiles declared "the battle to liberate our homeland" had been joined.

BULLETIN

MEXICO CITY (AP) — The Mexico City agency of the Cuban Revolutionary Council said today anti-Castro rebels have taken the Isle of Pines and freed 10,000 political prisoners, who joined the rebellion. The agency said its information came in radio broadcasts from the Isle of Pines.

The agency also said it had learned that Lazaro Cardenas, left-leaning former president of Mexico, was trying to arrange asylum here for Fidel Castro.

Cardenas could not be reached for comment but Castro's ambassador to Mexico, Jose Antonio Portuondo, belittled the report. Portuondo told newsmen Castro's forces had made contact with rebel invaders and "everything is under control."

MIAMI, Fla. (AP)—Two of five Cuban aviators whose flights to Florida refuge created weekend sensations have been spirited out of the state as a safety precaution, it was learned today.

The men, Guillermo Verdaguier, private pilot for Cuban Premier Fidel Castro, and Verdaguier's brother, Roberto, a major in Castro's air force, were sent to the immigration detention quarters at McAllen, Tex., Saturday night.

Edward Ahrens, district director for the Immigration Service here, said the men had "lots of enemies among groups in this area."

Hearings had been scheduled here today for the brothers. Hearings also are slated some time this week for three fliers who set Cuban air force B26 bombers down in south Florida after raiding Castro airfields.

Castro's regime charged before the United Nations that the invaders were armed and financed by the United States.

Raul Roa, Cuban foreign minister, told the United Nations that the invaders came from Guatemala and Florida. The United States replied with an immediate denial.

Secretary of State Dean Rusk declared the American people sympathize with these fighting against dictatorship but the United States will not intervene. Rusk said his reports indicated there was no large-scale invasion.

The Soviet government newspaper Izvestia echoed Roa's charge of the use of Americans in the action. Izvestia declared the Communist world stands behind Prime Minister Castro, but it made no mention of Premier Khrushchev's pledge last summer, later toned down, to support Cuba with rockets if necessary.

A Dutch airliner could not land at Miami today.

Faubus Plans

property.

Zimmer was the second high  
bidder, Faubus said.

Zimmer said, according to the  
governor, it could employ up to  
300 persons in the bag plant with-  
in 120 days after getting the prop-  
erty and that the payroll for all  
the projects it planned would in-  
clude over 1,000 persons at the end  
of seven months.

McClellan stepped into the pic-  
ture over the weekend.

He asked the GSA to furnish him  
with detailed information about  
the Shumaker bids.

Faubus said he felt McClellan's  
action would hold up sale of the  
property until his own interven-  
tion could be felt.

The governor said the federal  
government has precedent for  
making industrial development a  
condition of sale.

He furnished copies of an ad-  
vertisement for a government  
aluminum plant at Adrian, Mich.,  
in which continued operation of  
the plant was made a condition  
of sale.

"If they can do it in Michigan,  
they can do it in Arkansas," Fau-  
bus said. "This goes along with  
the Kennedy administration's an-  
nounced intent to furnish jobs in  
areas of low employment. The  
Camden area is one of the worst  
in Arkansas for unemployment."

"I'm unwilling to sit by while  
they dispose of property which  
cost \$225 million to build. All the  
facilities for industry are already  
there, roads, railroads, utilities,  
and buildings. There are even re-  
creational facilities for employees."

Faubus said he entered the  
matter at the urging of Camden  
area residents.

"I think they (the government)  
had the skids greased on this thing  
and it would already have gone  
through if we had not started pro-  
testing," Faubus added.

The governor said it was possible

the state would execute a long-  
term lease for the property if no  
other method can be found to save  
it for industry.

"Then we have the machinery  
for people of that area to vote  
bond issues to buy the facility for  
lease to industry," Faubus said.

"There are a number of ways  
we can save this property for in-  
dustry."

Province, may already be in the  
invaders' hands. U.S. Navy offi-  
cers said there had been no  
special alert at Guantanamo  
naval base.

The third force was said to  
have hit the beaches at Cabanas,  
in Pinar del Rio Province in the  
western extremity of the island.

Cabanas, a minor port of about  
2,000 population, is only 38 miles  
southwest of Havana.

One exile leader in Washington  
said anti-Castro forces were shel-  
ling the Isle of Pines, off the  
south coast where a few Ameri-  
cans are held as political  
prisoners. He asserted Cuban  
broadcasts said the island was un-  
der attack by five ships.

A rebel source in Fort  
Lauderdale, Fla., said the land-  
ing forces had been waiting off  
the coasts of Cuba for 15 days.

The informant, Rafael Garcia Na-  
varro, predicted 5,000 exile sol-  
diers will be in battle before the  
day is over.

A statement by Miro Cardona,  
president of the Cuban Revolu-  
tionary Council, was issued in  
New York announcing the battle  
of liberation had begun. But  
council members in Washington  
said the statement had been pre-  
pared in advance and that Miro  
Cardona actually left New York  
Sunday.

"Everything looks fine," said a  
council spokesman in Washing-  
ton. "This is the beginning of the  
end."

The exiles said there were un-  
confirmed reports of street fight-  
ing in Havana but last press re-  
ports direct from Havana said the  
capital was quiet.

Castro's militia of workers and  
peasants had been on an invasion  
alert since defecting Cuban pilots  
bombed and strafed three targets  
in Cuba Saturday.

In Washington, Secretary of  
State Dean Rusk said the U.S.  
government is sympathetic to the  
anti-Castro effort but will follow  
a strict hands-off policy.

Pentagon officials in Washing-  
ton said more than three hours  
after the first Havana report that  
the U.S. military had no in-  
dependent information on an in-  
vasion.

In a speech shortly before the  
invasion report was issued by a  
military duty officer in Cuba,  
Prime Minister Fidel Castro once  
more accused the United States  
of aggression in connection with  
Saturday's attacks.

The military duty officer at  
Jaguay la Grande said some  
fighting was going on between  
"government defenders and an in-  
surgent landing force" at Playa  
Laga.

The area is near Cienaga Oriental,  
a swamp area southeast of  
Havana that Castro has planned  
to convert into a farm and resort  
area.

## Grant -Kerr to Star at Saenger

Cary Grant, co-starred with Deborah Kerr, Robert Mitchum and Jean Simmons, comes Tuesday, Wednesday and Thursday to the Saenger Theatre in "The Grass Is Greener," widely publicized film version of the great London stage success by Hugh and Margaret Williams.

Produced and directed by Stanley Donen, the new comedy, a Grandon Production, was secularized by its authors and is being released by Universal-International.

Story, described as one of the most brilliantly sophisticated outtings ever transferred to the screen, brings Grant in role of titled Britisher who temporarily loses his wife, also of the nobility, to a Texas millionaire. Miss Kerr portrays the bedazzled spouse. Robert Mitchum plays the romantic American "love bandit" while Miss Simmons will be seen as a not-so-innocent bystander.

In assembling his all-star cast, Donen concentrated on recruiting players of proven ability and appeal. Picture marks his third film venture with Grant. It is also a third time together for Miss Kerr and Mitchum, a third co-starring for Miss Kerr and Miss Simmons and a third pairing for Miss Simmons and Mitchum. The latter stars began work with Donen only two weeks after they had completed working together in "The Sundowners."

Hilarious complications and not a few blushes are said to punctuate action of "The Grass Is Greener," which critics here and abroad lauded as top-rate for adult entertainment commensurate of both sexes.

but has had an operation. I don't want to worry her with my worries so I turn to you, my boy friend won't know how I feel unless I write him. What should I say? I've had childish romances but this was mature and I want to handle it maturely. —D

Dear Helen: Letter writing won't bring your boyfriend back. You've written two letters too many already. Show some pride. Go out with others. Once you prove you can live without this boy he won't want you to. I'm sending you my leaflet, "Broken Romances."

Dear Helen: I am a 20-year-old college student and have been going steady with a girl for two years. Now she is attending a different college and gets home only a few times a month. As a result I am falling in love with a mutual friend of ours. Though we have never dated I find myself thinking of her all the time. However we travel in the same crowd and see each other quite a bit. What to do now is the question. —Desperate.

Dear Desperate: Tell your steady girl the truth. Maybe she feels the same way. In any event, honesty is the best policy.

Dear Helen: Help! I am 12 years old and have been going with a boy 13 for two years. He doesn't have much money but he loves me and, as I see it, that's the main thing. We plan to marry this spring. My parents are dead. I live with an old lady who cares nothing for me. Do you think my marriage will be successful? I need an adviser. —Frantic.

Dear Frantic: Child marriages—and you are a child—are illegal. Where is your guardian? If you don't know, go to the local courthouse, look up a social worker in the family welfare department and, for your own good, tell her what you've told me.

**Pork Results Slow in Developing**  
FAYETTEVILLE, Ark. (AP) - Kinks seem to be slowly working themselves out of the University of Arkansas Razorbacks but the results may be a little slow in coming for Coach Frank Broyles.

**The Hogs' mentor could voice no great praise following Saturday's soggy second Spring workout which had to be moved to high grounds after the regular practice field was soaked by rain and snow.**

**"The new boys are still in a daze and the older ones haven't recovered yet," Broyles said.**

**Today's schedule called for more routine workouts providing the weather man is cooperative. Broyles plans to head the Porks to Razorback Stadium Tuesday for the benefit of cameramen in a semi-game condition scrimmage.**

**But Broyles was pleased by fullback Jim Worthington's performances both Friday and Saturday. "He is possibly the first fullback I've had who could be classed as a brakeway runner," Broyles said.**

**"Outside of Worthington, George McKinney and Billy Moore, our young backs are still up and down," Broyles commented.**

**Another drawing praise, however, was Fred Marshall, the sophomore quarterback back from Memphis. Broyles praised Marshall's passing as nice. "Even his long ones carry on a line so the receivers catch it like was tissue paper."**

**Three freshmen appear to be giving White unit fullback Mickey Cissel competition in place kicking. Rated as a tossup are Frank Blew of Fayetteville, George Walker of LeLand, Miss., and Ronnie Allen of Marianna.**

**The Hogs will skip Wednesday practice and resume working out Thursday, Friday and Saturday. Saturday's practice will also be filed.**

**Ft. Smith Wins U of A Relay Meet**  
FAYETTEVILLE, Ark. (AP) - The 11th annual Razorback Relays, sponsored by the University of Arkansas, were held here Saturday in icy weather punctuated by snow flurries with the wind possibly holding down some good performance of the 26 teams entered.

**Fort Smith took the Class AAA AA division under the solid leadership of David Dick who captured three firsts and one second. The fleet-footed Dick set a record of 14.5 seconds in the high hurdles, bettering by one-half second the old mark of 15 flat. Dick also won the low hurdles, the 220-yard dash and was second to Benton's George Russ in the 100-yard dash.**

**Clarksville squeaked past Searcy 57 1/2 points to 57 1/4 for the Class A championship while Carlisle won the Class B division. Records were established in three AAA-AA events and two A matches.**

**Benton's Bob Nix heaved the shot put 48 feet 6 inches, topping the old AAA-AA mark of 48-1. The broad jump record of 21-6 3/4 was eclipsed by George Coppage of Fayetteville with a leap of 21 feet 7 1/4 inches.**

**The Class A pole vault record was broken by identical 11 feet 6 inch efforts by Ken Nelson of Clarksville and Jim Tarkington of Searcy. The old record stood at 11-4.**

**Here are the point totals: Class AAA-AA: Fort Smith 77 1/2, Benton 66 1/2, Fayetteville 37, Malvern 12, Russellville 12, Springdale 10 1/2, Blytheville 8, Rogers 4 1/2.**

**After registration, the delegates attended a get acquainted social, at which time a sponsor's meeting was held.**

**The first general session was a banquet program held in the cafeteria of Branch High School. The welcome address was delivered by Mayor Bill Duncan. Guest speaker was the Honorable J. N. Holt. The annual address was made by the state president, Miss Carmelita Caruth. The title of her address was, "Which Way?"**

**The first day session ended with a dance. Speaker for the second day session was Rev. Mott Mosley, principal of Washington High School, Texarkana. He spoke from the subject, "How You Can Fashion Your Future". The next hour was spent in discussion groups. Due to illness, Miss M. V. Minor was unable to attend, and Muriel Jamison substituted for her. Two of Yerger's delegates served as student leaders. They were: Miss Mary Jones and Miss Mary Allen. Mrs. Lewis served as an adult leader.**

**A tour was made of Cave City, about 45 miles from Newport, where, after having had lunch, the delegates went through the beautiful caves, over which houses were built. The caves contained water, phosphorescent lighting, and quicksand.**

**Upon returning to Newport, election of officers for 1961-62 was held, after which discussion groups met for an hour. The last session was a panel discussion of foreign students. This proved to be one of the highlights of the meeting. According to Mrs. Lewis and the delegates, the trip was very educational and enjoyable. The meeting ended with installation of officers and a friendship circle.**

**Indictment of Castro By Kennedy**  
By JAMES MARLOW  
Associated Press News Analyst

**WASHINGTON (AP) - President Kennedy's administration this week released a brilliant, 36-page indictment of Fidel Castro's Cuban revolution. But what it adds up to is this: Castro's tough to handle.**

**This indictment, called a State Department White Paper, says Cuba is under Communist control, accuses Castro of betraying his revolutionary promises of freedom and social justice, and calls Cuba a menace.**

**Copies of the White Paper will be distributed widely in Latin America where Castro has support, particularly among the landless masses who applaud his taking land from the rich in Cuba. But it doesn't offer any solutions for getting rid of Castro unless you want to read into it a veiled suggestion this country would help a new revolution against him.**

**Here are some examples of why he's tough to handle: 1. He has the active support of Russia and Red China. Last Aug. 9 Premier Khrushchev threatened to intervene with rockets if this country was responsible for an attack on Cuba.**

**2. Other Latin-American governments—some of them shaky—are hesitant about even criticizing Castro because of his popularity among left-wing groups and the masses in their own countries. While there is no talk in this country of attacking Cuba—which has become a Russian spearhead in the Western world—other steps short of armed force might be used but the consequences could be unpleasant:**

**1. For instance, the White Paper says Russia has been pouring arms into Cuba. Suppose, because of this or for some other reason, this country tried to blockade Cuba. Russia might retaliate at once by trying to blockade West Berlin to shut it off from the Western allies with whom it has all its ties.**

**2. While this country broke off diplomatic relations with Castro and put some restrictions on sugar dealings with him, it still has economic dealings with Cuba. Suppose this country now tried tough economic sanctions**

## Giants Pull Into First in National Loop

By JACK HAND

Associated Press Sports Writer

San Francisco leads the National League on a combination of the Giants' 5-2 victory over Philadelphia Sunday and Pittsburgh's 13-6 defeat at Los Angeles.

The Giants staggered in the late stages of their game with the Phils but Manager Al Dark made the right move when he brought in Billy O'Dell to relieve Sam Jones in the ninth inning.

Dark went to the bullpen for O'Dell with the bases loaded and one out. O'Dell promptly got Bobby Del Oreo, a pinch hitter, to hit a comeback ball for a game-tying double play.

The Giants' 5-2 victory over Philadelphia, combined with the Los Angeles Dodgers' stormy 13-6 decision over Pittsburgh put San Francisco in first place all alone.

Ray Sadecki pitched St. Louis to within a half game of the top with a 5-3 edge over Cincinnati. Milwaukee and Chicago were snowed out at Chicago.

Rain and cold weather slashed five games off the American League schedule, washing out doubleheaders between Kansas City and New York and Los Angeles and Boston. Cold weather called Sadecki, 20-year-old left-handed

off the Chicago-Detroit game. Minnesota's surprising Twins moved into the American lead by downing Baltimore twice, 10-5, and 6-4 in 11 innings. Cleveland edged Washington 3-2.

Jones contributed two doubles to the Giants' 10-hit attack on loser Robin Roberts and two successors. He was coasting along with a 5-1 lead going to the ninth.

Sad Sam struck out Tony Gonzalez on a wild pitch but Gonzalez reached first base before Catcher Tom Haller could retrieve the ball. A wild pitch and a single by Pancha Herrera counted a run. Harvey Kuenn's error, a ground out and a hit batsman alerted Dark to call for O'Dell.

Doubles by Kuenn and Orlando Cepeda helped get the Giants away to a three-run first inning and doomed Roberts to his second defeat.

A show-stopping kicking duel between Dodger Coach Leo Durocher and umpire Jocko Conlan broke out during the Dodger-Pi-

rate game in which Los Angeles ended a three-game losing streak. Leo and Jocko exchanged kicks during an argument over a high-plop by Dodger Norm Larker that landed in fair territory but then bounced foul. Conlan called it a foul ball.

The Dodgers came from behind and backed up five Pirate pitchers for 15 hits, handing Vern Law his second straight defeat. Stan Williams was the winner with the help of home runs by Tommy Davis, Wally Moon and Sherry

and Boston. Cold weather called Sadecki, 20-year-old left-handed

Coaches — Larry Sachs, made Loyola of Chicago national power 23 years ago. George Keegan, outstanding record at Notre Dame for 20 years.

pitcher, threw a seven-hitter at Cincinnati and struck out seven, while beating Jim O'Toole. Don Ladrum, whose failure to hit must have been worrying Manager Solly Hemus, finally snapped out of it on his 19th trip to the plate and launched a decisive two-run rally in the ninth with a double.

## Minnesota Leading the American Loop

By JACK HAND

Associated Press Sports Writer

The transplanted Minnesota Twins are leading the American League after taking both ends of a Sunday doubleheader from the highly-regarded Baltimore Orioles.

Bob Allison, an accepted slugger, and Zoilo Versalles, supposedly a glove man, loosed the Twins into the league lead with their home runs in Sunday's double victory over Baltimore. Thus the Twins were assured of a raucous welcome home Friday afternoon.

Allison drove in seven runs with a grand slam homer and a three-run homer in the 10-5 first game and Versalles, the 20-year-old Cuban shortstop, won the second game 6-4 with his two-run homer in the 11th.

While the old Washington club moved west was flexing its muscles, the new Washington Senators were settling into the cellar after a 3-2 defeat by Cleveland. The Indians, shut out for eight innings by Dick Donovan, rose up in the ninth with five straight hits, including a home run by Tito Francona.

Rain, cold weather and snow washed out the scheduled doubleheaders between New York and Kansas City, Los Angeles and Boston and a single game between Chicago and Detroit.

San Francisco seized first place in the National League by downing Philadelphia 5-2 while the Los Angeles Dodgers were whipping

Pittsburgh 13-6 in a game that was stopped momentarily by a kicking duel between Dodger coach Leo Durocher and Umpire Jocko Conlan. St. Louis remained close off the pace with a 5-3 victory over Cincinnati. The Milwaukee-Chicago game was snowed out.

Pedro Ramoe, far off the form he showed in shutting out New York on opening day, gave up 12 of the Orioles' 14 hits before he was replaced by Ray Moore in the seventh. Pedro, however, was the winner.

Bill Pleis, third of four Minnesota pitchers, won the second game on Versalles' homer, following a walk to Reno Bertoia. It was Versalles' fourth hit in six trips in the game and his first major league homer. The 150-pound shortstop, a .333 hitter in 13 games last year, now is batting .478. Don Mincher also hit a homer for the Twins.

Donovan was rolling along with a 2-0 lead going into the ninth when Johnny Temple led off with his third straight single. Francona tied the score with a blast over the right field wall. After singles by Jimmy Piersall and Willie Kirkland, Manager Mickey Vernon of the Senators replaced Donovan with Rudy Hernandez who was greeted by Woody Held's game-winning single.

Johnny Antonelli, making his first America League start for the Indians, departed for a pinch hitter after seven innings. Bob Allen, a lefty up from Mobile, won in relief.
